Head of School: Karen Lintin

Barum class learning

We had a lovely trip to Appledore on Monday. The children enjoyed practicing their sketching skills overlooking the estuary and at the museum the children enjoyed discovering some interesting facts about pirates and Sir Richard Grenville.

In English we wrote a recount about our trip using time connectives and discussing our favourite part of the day. We also finished our shared write about 'Grendel'.

In Maths we have been sequencing two and three-digit numbers by identifying the greatest number of hundreds, tens and ones.

This week in art, we practised some different ways of shading to give depth and texture to our sketches, we then added water colour to our sketches from Appledore.

Home Learning:

The children have enjoyed playing some interactive maths games this week. We thought they might like to play a couple of these games at home. With an adult helping, please click on these links to find the on-line games.

Yr2 - practise numbers up to 99

Yr3 - practise numbers up to 999

<https://www.topmarks.co.uk/ordering-and-sequencing/caterpillar-ordering>

Yr1 - practise **ordering** numbers to 100

Yr2 - practise **ordering** numbers to 999

Reading:

Thank you to those of you who have logged your child's reading on Boom Reader. If you have logged 5 reads this week, your child has received a class merit and sticker 😊 The whole school expectation is that parents support their child to practising reading at home **five times per week**. This could be 5-10 minutes of reading, five times across the week. Thank you for your support. Please follow [Parents | BoomReader](#) to download the app.
