Head of School: Karen Lintin

Lundy home learning - 16.10.26

It's been a great week in Lundy Class! In English, we have been learning to use paragraphs, adverbials and inverted commas to help structure our writing and make it 'flow'. In maths, we have been learning to solve BIDMAS and algebra problems. In history, we acted out the Treaty of Versailles and discussed whether the actual agreements that were made were fair. After half term, we will move on to WW11. In R&W, we learned about how leprosy affects the body, and a Christian organisation that supports people living with this today. We are SO close to our 500 merits!

Homework

Thank you for your continued support with your children's homework. This week, please complete the BIDMAS sheet. Tip: brackets, then, indices, then multiplication and division (left to right), and finally addition and subtraction (left to right). You can choose which side is right for you 😊 please put your homework in the box by Friday 23rd October.

Next week, the children's homework will be to create a presentation (e.g. powerpoint or handwritten is fine) for the school council role they would like to apply for. We will talk about this before the half term.

Times Tables

Please practise your 8x table. You could use:

- TT Rockstars (there is a competition with Y4!)
- Online games e.g. [Times Tables Games for 7 to 11 year olds](#)

Reading reminder

Our whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. These reads can be logged in their reading journals - please bring these in on a Friday.

PE day

Our PE day is Friday.
