Tarka class learning

Tarka class have been working on using reciprocity (working together) this week, playing games, sharing ideas and helping each other in their learning.

We retold the story of No-Bot the Robot and wrote book reviews of our favourite parts. Year 1 children have been learning what a sentence is and had a go at building sentences using word cards. Year 2 revised what a sentence needs and identified statements, questions and exclamations.

In science, Year 2 matched animals and plants to their habitats. Each group enjoyed making a desert, ocean, arctic or tropical habitat. In forest school, Year 1 thought about animals with super senses and made clay creatures to represent this.

In PE we explored ways to represent emotions through our movement and in art we finished our landscape paintings of Codden Hill.

We started to learn the songs for our Christmas play and had our first rehearsal!

Reading:

Thank you for all your reading support at home. Don't forget that if your child reads **five times** per week they will earn a sticker for their reading folder.

Home Learning Task:

In geography, we have been learning about human and physical features and have been looking at maps. For home learning, draw a map of a room in your house.
