Head of School: Karen Lintin

### **Saunton home learning - 16.1.26**

This week in English we have been exploring vocabulary in our new text 'Leon and the place between' and we have been using this to describe objects in interesting ways. In maths we have practicing multiplication and practicing using grid method. In science, we have been learning how to protect ourselves from the suns UV rays and in geography we have been learning about contour lines and using them to make Coddon hill out of playdough.

### **Home learning**

Your home learning this week is to design and magical place that your character could travel to like Leon does in our English text. I look forward to seeing all your wonderful designs.

### **Reading**

Hopefully, all children have now given you their homework login booklets, with their Boom Reader details inside. It has been lovely to see that some children are already customising their avatars and are logging their reading! The whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

### **Time tables**

The year 4 times table screening is fast approaching so please make sure you are getting your practice in using the website below, that is similar to the times table test, alongside times table rockstars.

[Multiplication Tables Check - 2025 - Timestables.co.uk](http://Multiplication Tables Check - 2025 - Timestables.co.uk)

Please make sure you are practicing your timetables on times table rockstars for at least 5 minutes a day.
